Pot of Gold News: Collaborating with CRAYOLA to Recycle

One of our grade one classes is collecting used, dried up Crayola markers to take part in the Crayola ColourCycle program. If you have markers in your home that no longer work, instead of throwing them out can you send them to school with your child and we will send them to Crayola to recycle. At this time, we are only able to take CRAYOLA markers but stay tuned for future green initiatives.

Mumps

Due to the recent outbreak of Mumps in Manitoba and the United States, Alberta Health Services has asked that we share this important information with you. Attached to this email is a document from AHS with information regarding the signs and symptoms to look for, as well as steps we can take to prevent the disease.

Safer Home, Safer Community

Crime Stoppers and our local Chestermere RCMP have put together a package to help families in our community understand ways that we can help prevent neighbourhood crime and provide safer homes for our families. The Safer Homes brochure is attached to this newsletter. Please have a look though it and try using some of the tips and suggestions to reduce crime, and help protect our homes and community.

Upcoming Dates
